

## MiCommTrack©

The screenshot shows a web-based form for searching and filtering cases. It includes fields for 'By Law Code', 'Priority', 'Status', 'Request Date', and 'Transfer Date'. There are also dropdown menus for 'Case Type' and 'Inspection Status'. The form is titled 'City of Sarnia COMTracks' and includes a navigation menu at the top.

### FUNCTIONALITY

- Set up users
- Set up user roles
- Customize Bylaw Type
- Customize inspection status

MiCommTrack© empowers municipal staff to communicate with external citizens

MiCommTrack© is an ideal web based viewer for managing status of citizens inquiries.

MiCommTrack© offers integration to many municipal applications and databases.

### ADMIN MODULE

The screenshot shows the Admin Module dashboard. It features a navigation menu on the left with options like 'HOME', 'USERS', 'BYLAW TYPE', 'INSPECTION STATUS', and 'BYLAW TYPE'. The main area contains several data tables and summary statistics. One table shows 'Follow-Up Inspections' with columns for 'Case ID', 'Status', 'Date', and 'Inspector'. Another table shows 'Total Cases Open' with columns for 'Case ID', 'Status', and 'Inspector'. A third table shows 'Cases Open Today' with columns for 'Case ID', 'Status', and 'Inspector'. There are also summary statistics for 'Cases Closed Today' and 'Grand Total'.

### DYNAMIC TABULAR RESULTS

The screenshot shows a dynamic tabular results view. It includes a search bar and a table of results. The table has columns for 'Case ID', 'Status', 'Date', 'Inspector', and 'Inspector'. The results show a list of cases with their respective details.

### INTEGRATION

MiCommTrack© can be integrated into existing solutions including:

- Infrastructure Management
- Document Management
- Economic Development
- Building Permit
