## Recreation Facility Asset Management

“The software of choice for inspections on parks and recreation facilities.”

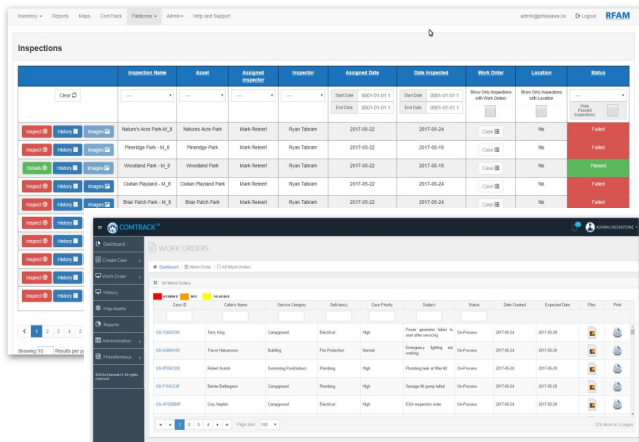

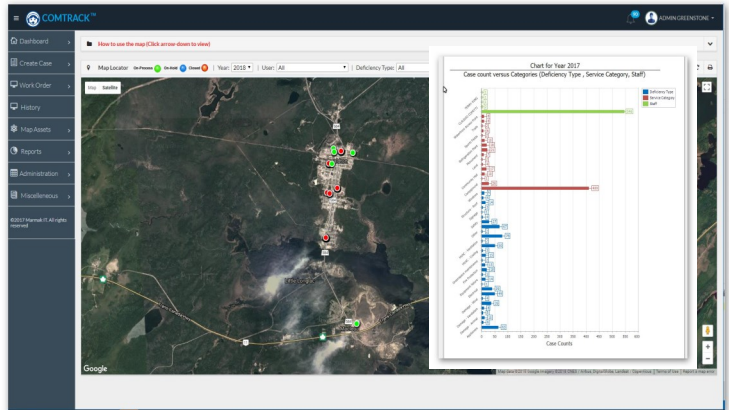

## Electronic Inventory

The inventory module is designed to capture detailed asset information for facilities and open spaces.

## Effective Reports

Reports include:

- ◆ Asset Details
- ◆ Asset Status
- ◆ Asset Financial Details

## Routine Inspections

The Inspections Module allows you to:

- ◆ Generate routine custom inspections
- ◆ Assign inspections to your staff
- ◆ View inspection's status
- ◆ Add images, attachments and notes
